EMPLOYMENT, WORKPLACE PRACTICES AND LABOR-MANAGEMENT RELATIONS IN WESTERN NEW YORK

For over half a century, Cornell University ILR has applied a dynamic expertise to the ever-changing challenges of the world of work. Partnering with practitioners, ILR bridges leading-edge research and real world practice. In workplaces across America, we are making a difference.

Promoting better work and employment practices, we advance effectiveness, productivity, equity, opportunity and quality of life on the job. We foster understanding as we bring competing interests together for mutual advantage.

With education, research and technical assistance, ILR is advancing the world of work. Call us for credit and noncredit programs designed especially for your organization or personal development.
